

CALL FOR PAPERS

ICLMML 2021
May 06-07, 2021
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLMML 2021 : International Conference on Layered Materials and Material Layers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Layered Materials and Material Layers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Layered materials
Material layers and layered materials
Two-dimensional materials
Production methods of layered materials

Computer based methods for production of layered materials
Computer based design of layered materials
Layered materials for engineering applications
