

# CALL FOR PAPERS

**ICHPSPP 2021**  
**May 24-25, 2021**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHPSPP 2021 : International Conference on Hybrid Power Systems and Power Plants is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hybrid Power Systems and Power Plants. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy Management	Multilevel converters
Environmental issues	Matrix converters
Hybrid Power Systems	Emerging topologies
Distributed and Co-Generation Systems	Power Converters Modelling Simulation and Control
Wind Energy System	Power Factor Correctors
Marine Renewable Energy	EMI and over-voltage protection
Biomass Energy and Geothermal Resources	Active Filters and Harmonics
Solar Energy Systems	Power Supplies
Hydro Power Plants	Power Electronics Components and Packaging
Hydrogen Systems and Fuel Cells	Reliability and Fault Tolerance
Soft switching converters
