

# CALL FOR PAPERS

**ICMLAIBCBMI 2021**  
**May 24-25, 2021**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMLAIBCBMI 2021 : International Conference on Machine Learning and Artificial Intelligence for Brain-Computer and Brain-Machine Interface is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Machine Learning and Artificial Intelligence for Brain-Computer and Brain-Machine Interface. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Brain-computer interface (BCI)  
Brain-machine interface (BMI)  
Artificial intelligence in BCI/BMI  
Machine learning in BCI/BMI  
Deep learning in BCI/BMI

Brain signal processing for  
BCI/BMI  
Neurofeedback  
Neural Rehabilitation Engineering  
Related applications
