

CALL FOR PAPERS

ICPOMS 2021
May 24-25, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPOMS 2021 : International Conference on Physical Oceanography and Marine Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Physical Oceanography and Marine Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Oceanography	Marine Geology and GIS application
Physical Oceanography	Oceanography Market
Marine Pollution	Marine Refinery
Oceans and Climate Change	Atmospheric Circulation
Coastal Oceanography	Coastal Ecology
Marine Engineering and Technology	Coral Leefs
Marine Data Management	Earth And Ocean
Biological Oceanography	Fisheries Biology and Management
Ocean Biogeochemistry	Gis Application In Ocean
Fisheries Oceanography	Life In Ocean
