

CALL FOR PAPERS

ICCBAMI 2021
May 27-28, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCBAMI 2021 : International Conference on Cardiovascular Biomechanics and Advanced Medical Imaging is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cardiovascular Biomechanics and Advanced Medical Imaging. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical devices
Biomedical engineering
Biofluid mechanics
Bioinformatics
Biomaterials and biomechatronics
Biomedical devices and biomems
Biophotonics and biosensors
Brain-Computer interfaces
Cardiovascular biomechanics
Computational biology
Computer aided and automated diagnosis
Drug design
Functional imaging

Gait and posture analysis
Gene networks
Health monitoring devices
Medical imaging and image processing
Molecular sequence analysis
Nanotechnology For biomedical applications
Neuroengineering
Neuroimaging
Pattern analysis for biomedical applications
Robotics
Sensors and instrumentation
Telehealth
Telemedicine
