

CALL FOR PAPERS

ICMDSS 2021
May 27-28, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMDSS 2021 : International Conference on Moral Development, Symptoms and Stages is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Moral Development, Symptoms and Stages. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Developmental psychology	Theoretical assumptions
Moral development	Piaget's theory
Interpersonal influences on moral development	Moral development and social exclusion
Morality, cognition and intentionality	Moral emotions
Morality and intergroup attitudes	Morality and culture
Lawrence Kohlberg's stages	Morality and storytelling
Pre-conventional	Morality and the allocation of resources
Conventional	Moral neuroscience
Post-Conventional	Morality and society
Further stages	Morality effect on adaptability
