

# CALL FOR PAPERS

**ICMI 2021**  
**May 27-28, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMI 2021 : International Conference on Micro-Irrigation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Micro-Irrigation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Micro-irrigation  
Micro irrigation systems  
System components  
Hydraulic design of  
micro-irrigation systems  
Micro-irrigation technology  
Emission devices  
Microtubing  
Fixed flow drip emitters

Adjustable drip emitters  
Micro-sprinklers  
Ecological restoration and  
phytoremediation projects  
Water conservation and regulations  
Monitoring soil water  
Micro-irrigation management  
Sustainable micro irrigation  
management  
Drip irrigation for agriculture
