

CALL FOR PAPERS

ICAPFT 2021
Jun 10-11, 2021
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPFT 2021 : International Conference on Agriculture and Poultry Farming Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agriculture and Poultry Farming Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainability of crop production, processing and consumption	Fertilisers and chemicals
Agricultural biotechnology	Irrigation and water management
Field crops	Plants, seeds and propagation materials
Land and water management	Plant protection and fertilization
Technology and sustainable agriculture best practices	Post harvest treatment
Private and public sectors collaboration in agriculture	Nanotechnologies in agriculture
technology development	Food price volatility and market instability
Climate change impacts, mitigation and adaptation	Animal conservation and sustainability
Renewable energy sources and sustainable agriculture	Livestock, dairy farming and small ruminants
Resiliency of agriculture crops with climate change	Veterinary and feeding system
Fruits and citrus	Poultry farming
Greenhouses and horticulture	Dairy farming methods and technologies
Agricultural buildings	Aquaculture and fisheries
Agricultural machinery
