

CALL FOR PAPERS

ICFEEP 2021
Jun 10-11, 2021
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFEEP 2021 : International Conference on Forest Economics and Economic Principles is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forest Economics and Economic Principles. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:
