

CALL FOR PAPERS

ICFEFC 2021
Jun 10-11, 2021
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFEFC 2021 : International Conference on Forest Ecology and Forest Conservation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forest Ecology and Forest Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Forest ecology
Natural ecosystems
Ecological dynamics
Forest dynamics
Carbon sequestration
Forest biodiversity
Planning and management tools for biodiversity
Plant functional traits

Forest and light
Forest succession and dynamics
Forest conservation
Nature conservation
Landscape management
Silviculture of the temperate zones
Tropical silviculture and forest ecology
