

CALL FOR PAPERS

ICRIE 2021
Jun 10-11, 2021
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRIE 2021 : International Conference on Reliable Intelligent Environments is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Reliable Intelligent Environments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligent environments

Ambient intelligence

Context awareness

Ubiquitous/Pervasive computing

HCI

Security

Wearables

Robotics

Artificial intelligence

Computational intelligence

Middleware

Architecture and interaction
design

Smart Cities

Sustainability

Smart educational technology

Smart buildings

Internet of Things

AAL

Sensors

Virtual/Mixed reality

Wireless sensor networks

Mobile computing

Design and reliability of systems
