

# CALL FOR PAPERS

**ICBSE 2021**  
**Jun 28-29, 2021**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBSE 2021 : International Conference on Biomedical Science and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Science and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Algorithms, Modeling and Simulation  
of Bio-Sets  
Bioengineering Applications  
Bio-Imaging  
Bioinformatics  
Bioinformatics of Diseases  
Biological Systems and Models  
Biological Data Mining and  
Visualization  
Biomarkers of Toxicity  
Biomaterials  
Biomedical and Biological Sensors  
Biomedical Data Engineering  
Biomedical Image Processing and  
Analysis  
Biomedical Intelligence and  
Clinical Data Analysis

BioMedical Signal/Image Analysis  
Biomedical Text Mining and  
Ontologies  
Biomedicine  
Bio-molecular and Phylogenetic  
Databases  
Biosciences  
Cell Engineering  
Comparative Genomics  
Computational Modeling and Data  
Integration  
Computational Systems Biology  
Computer Assisted Intervention  
Systems  
Data Visualization  
Drug Discovery  
Engineering Models in Bio-Medicine
