

CALL FOR PAPERS

ICECWTS 2021
Jun 28-29, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECWTS 2021 : International Conference on Emerging Contaminants in Wildlife Toxicology, Biodiversity and Sustainability is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Emerging Contaminants in Wildlife Toxicology, Biodiversity and Sustainability. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Emerging contaminants in wildlife toxicology

Wildlife ecotoxicology

Wildlife health and biodiversity

Biodiversity and sustainability

Sensitivity of certain wildlife species

Poisons/pollutants and their action on the environment

Chemical and biological factors

Aquatic pollution

Terrestrial pollution

Air pollution

International regulation
