

# CALL FOR PAPERS

**ICHIBDP 2021**  
**Jun 28-29, 2021**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHIBDP 2021 : International Conference on Health Informatics and Big Data Processing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Health Informatics and Big Data Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Big data analytics  
Big data medical devices  
Big data experiences  
Big data systems  
Big data processing  
Big data medical records  
Healthcare informatics development  
Healthcare informatics functions

Healthcare informatics emerging technology  
Healthcare informatics epidemiology  
Healthcare informatics advance practices  
Healthcare informatics quality  
Healthcare informatics tools  
Healthcare informatics financial applications  
Healthcare informatics alternative medicine  
Healthcare informatics and medical technology
