

# CALL FOR PAPERS

**ICAMTA 2021**  
**Jun 14-15, 2021**  
**Montreal, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMTA 2021 : International Conference on Architectural Modeling Techniques and Animation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Modeling Techniques and Animation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural modeling techniques  
Advances in architectural modeling  
Architectural modeling for modern buildings  
Architectural modeling and applications  
Simulation and modeling applications  
Architectural design

Software techniques for architectural modeling  
Ad hoc models  
Presentation models  
Exterior models  
Landscaping design models  
Analytical modeling materials
