

CALL FOR PAPERS

ICCPPT 2021
Jun 14-15, 2021
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPPT 2021 : International Conference on Clinker Production and Process Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinker Production and Process Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Natural and alternative raw materials and meal composition
Alternative fuels
Preheater and kiln reactions and bypass operations

Clinker formation chemistry and cooling processes
Grinding and grinding aids
Capture and reuse of greenhouse gases, control of other emissions
