

CALL FOR PAPERS

ICRDSP 2021
Jun 14-15, 2021
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRDSP 2021 : International Conference on Regional Development and Structural Planning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Regional Development and Structural Planning.
