

CALL FOR PAPERS

ICSMES 2021
Jun 14-15, 2021
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSMES 2021 : International Conference on Smart Microgrids and Energy Storage is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Smart Microgrids and Energy Storage. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Smart micro-grid architectures
Authentication and authorization models
Security and privacy-aware resource allocation
Trust-centric metering and billing
Priority-based scheduling
Economic models for power distribution

Privacy models
Attack models and countermeasures
Smart electric drive
Smart grid protection, operation, control, and stability
New methods applied to power systems
Electric vehicle, demand side, and smart loads applications to power systems
