

# CALL FOR PAPERS

**ICAC 2021**  
**Jun 03-04, 2021**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAC 2021 : International Conference on Applied Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agent Systems and Applications	Information Retrieval
Algorithms	Intelligent Systems
Applied Information Systems	Mobile Networks and Systems
Bioinformatics	Multimedia
Case Studies and Applications	Networking
Communications	Object Orientation
Data Mining	Parallel and Distributed Systems
Database Systems	Payment Systems
E-Commerce Theory and Practice	Programming Languages
Embedded Systems	Protocols and Standards
Evaluation and Assessment	Security
Global Tendencies	Semantic Web
Grid Computing	Software Engineering
