

CALL FOR PAPERS

ICACCT 2021
Jun 03-04, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACCT 2021 : International Conference on Advances in Computing and Computing Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Computing and Computing Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High Performance Computing
Pervasive Computing
Green Computing
Grid Computing
Soft Computing
Cloud Computing
Aspect Oriented Programming
E-learning/ E-Governance
Software Engineering / Metrics /
Testing
Cyber Security

SOA
Knowledge Management and Ontology
Data Mining
Semantic Web
DNA Computing
Gaming Models
Quantum Computing
Bio-Metrics
Nano Computing
