

CALL FOR PAPERS

ICBBRD 2021
Jun 03-04, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBRD 2021 : International Conference on Biorobotics, Biomedical Robotics and Devices is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biorobotics, Biomedical Robotics and Devices. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical robotics and devices
Medical robotics
Robotic surgery
Biomedical robotics and
biomicrosystems
Neuro-robotics, surgical robotics
and surgical planning
Mechanobiology and developmental
control

Bio robotics, neuro-robotics,
surgical robotics and surgical
planning
Human augmentation, interaction and
collaboration among robots and
humans
Robot ethics in human society
Robot laws
Rehabilitation robotics, robotics
for stroke patients
