

CALL FOR PAPERS

ICCDDSA 2021
Jun 03-04, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDDSA 2021 : International Conference on Clinical Drug Development and Safety Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical Drug Development and Safety Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pharmacology
Clinical pharmacology
Drug development
New chemical entity development
Pre-clinical development
Clinical phase
Clinical trials
Clinical trial design
Drug design
Drug discovery
Drug repositioning
Cost
Safety assessment

Technology
Ethics
Valuation
Success rate
Novel initiatives to boost drug
development
Lead compound
Process of drug discovery
Regulatory approval
New drug application
Trial design
Active comparator studies
Master protocol
Clinical trial protocol
