

# CALL FOR PAPERS

**ICSHHECSIE 2021**  
**Jun 03-04, 2021**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSHHECSIE 2021 : International Conference on Smart Home for Health and Elderly Care, Service Implementation and Evaluation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Smart Home for Health and Elderly Care, Service Implementation and Evaluation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Smart home technologies for health  
and elderly care  
Context-aware services  
IoT in a home environment

Service implementation and  
evaluation  
Connection with a smart car and  
smart city
