

CALL FOR PAPERS

ICTRNH 2021
Jun 03-04, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTRNH 2021 : International Conference on Therapy Related Neoplasms in Hematopathology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Therapy Related Neoplasms in Hematopathology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cutaneous B-cell and T-cell lymphomas
Immunophenotyping
Molecular techniques in hematopathology
Hematopathology of lymphoma
Therapy related neoplasms in hematopathology
Molecular genetic pathology
Molecular biomarkers
Drug development
Cystic diseases
Glomerular diseases
Infectious diseases
Tubular diseases
Vascular diseases

Fetal and congenital anomalies
Urinary bladder
Lung disease
Bronchial disease
Infectious diseases
Neoplasia
Congenital anomalies
Surgical and autopsy pathology
Surgical pathology specimens
Surgical pathology and advanced cardiac imaging
Advances in surgical pathology:
different cancers
Biopsy and transplantation pathology
Immunohistochemistry
