

CALL FOR PAPERS

ICACEM 2021
Jun 07-08, 2021
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACEM 2021 : International Conference on Advanced Chemistry of Energetic Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Chemistry of Energetic Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energetic heterocyclic compounds
Nitramines
Polynitroarenes
Nitric esters
Synthesis
Technology
Co-crystals
Binders

Plasticizers
Nano-energetic materials
Plastic bonded explosives
Propellants
Industrial explosives
Testing
Sensitivity
Performance
