

# CALL FOR PAPERS

**ICEFPHMT 2021**  
**Jun 07-08, 2021**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEFPHMT 2021 : International Conference on Efficiency Plus Houses and Microgeneration Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Efficiency Plus Houses and Microgeneration Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy plus house  
Plus energy house  
Efficiency plus house  
Renewable energy sources  
Microgeneration technology  
Low-energy building techniques  
Passive solar building design  
Insulation and careful site  
selection and placement  
Modern conveniences  
Energy efficient appliances  
Low energy building

Autonomous building  
Zero energy building  
Passive solar building design  
Passive solar  
Sustainable building  
Sustainable energy use  
Managing sustainable building  
projects  
Life cycle of buildings  
Sustainable building systems  
Sustainable buildings design
