

# CALL FOR PAPERS

**ICEMDS 2021**  
**Jun 15-16, 2021**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMDS 2021 : International Conference on Electrical Machines, Drives and Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical Machines, Drives and Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electrical Machines, Drives and Systems  
Control, Signals, and Systems  
Cooling Technologies  
DC Machines and Drives  
Electrical Systems and Control  
Energy Efficiency Systems  
Induction Machines and Drives  
Linear Machines and Magnetic Levitation  
Machine System Modeling  
Magnetic and Insulation Materials  
Magnetics and Field Analysis  
Manufacturing, Testing and Standards  
Motion Control and Servo Systems

Noise, Vibration, EMI and EMC  
Permanent Magnet Generator Systems  
Permanent Magnet Motor Drives  
Power Converters for Machine Drives  
Reliability and Diagnostics  
Reluctance Machines  
Renewable Energy Systems  
Sensorless Control  
Special Machines and Actuators  
Synchronous Machines and Drives  
Transformers  
Transportation and Other Applications
