

CALL FOR PAPERS

ICAMAR 2021
Jul 15-16, 2021
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMAR 2021 : International Conference on Advanced Mobile Augmented Reality is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Mobile Augmented Reality. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mobile augmented reality
Rendering and visualization techniques
New devices, development tools, uses and applications
Evaluation methods/usability evaluation
Human factors and human computer interaction
Devices for mobile augmented reality

Development tools of mobile augmented reality
New uses of mobile augmented reality
Applications of mobile augmented reality
Interaction in mobile augmented reality
Visualization of mobile augmented reality
Usability of mobile augmented reality
