

CALL FOR PAPERS

ICBTB 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBTB 2021 : International Conference on Biocatalysis Technologies and Biopolymers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biocatalysis Technologies and Biopolymers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biocatalysis technologies
Biofuels
Bioinformatics
Biomaterials
Biopolymers
Bioprocesses; Biocatalysis; and
Environmental Biotechnology
Biosafety issues and bioethics
Biotechnological innovations
Body's and Cell's Bio-signatures
Cell and Tissue Culture
Cell Engineering
Computer Assisted Intervention
Systems
Design and scale up of
bioprocesses

Biological Systems and Models
Environmental Biotechnology
Food Biotechnology and
Bioengineering
Genomics
Medical Robotics
Microarray Technologies
Microbial Technology
Modelling and simulation of
bioprocesses
Molecular and Cellular Systems
Nano-Bio-Computing
Nanobiotechnology
Nano-Mechanisms for Molecular
Systems
Nano-Medicine
