

CALL FOR PAPERS

ICBTCM 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBTCM 2021 : International Conference on Building Technology and Construction Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Building Technology and Construction Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Building technology
Construction technologies
Building engineering
Architectural lighting design
Building research
Sustainable building
Building maintenance
Noise control
Building design
Architectural technology
Architectural theories and perspectives

Computer-aided drawing
Building methods and project management
Construction technologies for materials
Structural and mechanical knowledge
Building materials
Construction methods
Structural design
Mechanical and electrical services
Building codes
Contracts and specifications
