

CALL FOR PAPERS

ICEME 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEME 2021 : International Conference on Energy and Mining Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy and Mining Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental Geotechnology, Energy and Waste Management
Advanced biological treatment
Agricultural wastes
Brownfields and Land Revitalization
Cost and benefits of waste management options
Decontamination and Decommissioning
Drought and Desertification
Energy from waste
Energy, the Environment and Waste Management
Environmental Geotechnology and Management
Environmental impact
Environmental Remediation
Erosion and Sediment Transport

Fate, Transport and Remediation of Contaminants
Geological Carbon Sequestration
Global Scale Environmental Problems and Solutions
High-Level Radioactive Wastes
Hydraulic Fracturing
Industrial waste management
Landfills, design, construction, and monitoring
Landslide Hazards
Long-Term Nuclear Waste Containment
Low-Level, Intermediate Level, Mixed Waste
Management of emerging wastes
Medical wastes
Methane Recovery
