

# CALL FOR PAPERS

**ICFAE 2021**  
**Jul 12-13, 2021**  
**Ottawa, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFAE 2021 : International Conference on Food and Agricultural Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food and Agricultural Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food and Agricultural Engineering  
Animal Production Technology  
Energy, biomass and biological  
residues  
Ergonomics, Safety and Health  
Information Technology, Automation  
and Precision Farming  
Post Harvest, Food and Process  
Engineering  
Power and Machinery  
Rural Development

Structures and Environmental  
Technologies  
Soil and Water Engineering  
Agricultural and Food Engineering  
Advances in Food Processing and  
Packaging Technologies  
Production of Health-Promoting  
Foods  
Food Safety and Quality  
Food Engineering and Biotechnology
