

# CALL FOR PAPERS

**ICHPRSQR 2021**  
**Jul 12-13, 2021**  
**Ottawa, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHPRSQR 2021 : International Conference on High-Performance Roofing Systems and Quality Requirements is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of High-Performance Roofing Systems and Quality Requirements. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High-performance roofing systems  
Energy-efficient roof  
Life cycle assessments and roof longevity  
Roofing endurance and failure  
Urban heat islands and sustainable roofing  
Environmental issues  
Green roof systems  
Quality requirements  
Roof system selection

Selection considerations for steep roofing systems  
Selection considerations for low-slope roofing  
Re-roofing and re-covering  
Roof system regulations  
Applications  
Long strip roofing with welded seams  
Profiled sheetmetal roofs  
Tiled roofs
