

CALL FOR PAPERS

ICIBTE 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIBTE 2021 : International Conference on Integrative Biology and Tissue Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Integrative Biology and Tissue Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Integrative biology
Physiology
Cell biology
Developmental biology
Molecular biology
Tissue biology
Stem cell biology
Bioengineering
Bioinformatics
Genomics and human genetics
Synthetic biology

Systems biology
Computational biology-modelling
Mechanobiology
Cellular diagnostics
Cellular analytics/single cell
biology
Imaging
Translational application of novel
technology
Disease mechanisms
Tissue engineering
Regenerative medicine
Quantification technologies
