

# CALL FOR PAPERS

**ICIPCS 2021**  
**Jul 12-13, 2021**  
**Ottawa, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIPCS 2021 : International Conference on Intertrial Priming and Conjunctive Search is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intertrial Priming and Conjunctive Search. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intertrial priming in cognitive psychology  
Top-down and bottom-up attention  
Integrative framework  
Measuring the effects of intertrial priming  
Blocked and mixed trials  
Cueing and cue validity effect  
Pop-out search and conjunctive search

Visual consciousness and intertrial feature priming  
Dimension-weighting account theory  
Dimension-specific intertrial priming effects  
Priming of pop-out hypothesis  
Episodic retrieval hypothesis  
Perceptual grouping of distractors account
