

CALL FOR PAPERS

ICPMM 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMM 2021 : International Conference on Production Management and Marketing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Production Management and Marketing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Production management
Importance of production management
Principles of production management
Advances in production management
Productivity and forecasting
Transportation and assignment
Inventory management
Supply chain management

Lean production systems
Production function and production management
Operations management
Product design and innovation
Technology management
Information systems
Business strategy
Organizational behaviour and marketing
