

CALL FOR PAPERS

ICSAD 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSAD 2021 : International Conference on Software Architecture and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Software Architecture and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Software engineering
Computer science
Computer software
Software architecture description
Software architecture
Architecture description languages
Architecture viewpoints
Architecture frameworks
Architectural styles and patterns
Software architecture and agile development
Software architecture erosion
Software architecture recovery
Design and implementation

Types of software
Malicious software
System software
Application software
Software patent
Software license
Software development
Software industry
Industry and organizations
Computer hardware and software
Software applications
Hardware-software integration
Software aspects
