

CALL FOR PAPERS

ICSALEEA 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSALEEA 2021 : International Conference on Sustainable Architecture, Landscaping, Environment and Engineering Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Architecture, Landscaping, Environment and Engineering Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural engineering
Sustainable architecture
Negative environmental impact of buildings
Technology
Engineering Applications
Efficiency and moderation of materials, energy and development
Energy and ecological conservation
Sustainable energy use
Heating, ventilation and cooling system efficiency
Renewable energy generation
Solar panels
Wind turbines

Solar water heating
Heat pumps
Sustainable building materials
Recycled materials
Lower volatile organic compounds
Materials sustainability standards
Waste management
Building placement
Sustainable building consulting
Changing pedagogies
Sustainable urbanism and architecture
Low-energy house and zero-energy building
