

CALL FOR PAPERS

ICSCS 2021
Jul 12-13, 2021
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSCS 2021 : International Conference on Stem Cell Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Stem Cell Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

| | |
|--|---|
| Stem cell sciences | Metabolic regulation: cell-based assays |
| Stem cell engineering and technologies | Emerging technologies |
| Stem cell biology | Stem cells: current research |
| Stem cell and cancer cell therapy | Stem cell treatment |
| Stem cell transplantation | Recent trends in cell biology of aging |
| Tumor science | Stem cell preservation |
| Leukemia's: antileukemic drugs | Stem cell therapy for diabetes |
| Nanotechnology: stem cells and cancer | Stem cell therapy for osteoarthritis |
| Apoptosis and disease | |
