

CALL FOR PAPERS

ICBIBA 2021
Jul 19-20, 2021
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBIBA 2021 : International Conference on Biomedical Imaging and Biosignal Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Imaging and Biosignal Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical imaging
Advanced biomedical imaging
Biomedical imaging and image processing
Biosignals and biomedical imaging
Biomedical imaging and diagnostics
Biomedical imaging and signals
Biomedical spectroscopy and imaging
Neuro imaging

Radiation imaging
Radiographic imaging systems
Emission imaging systems
Medical imaging
Magnetic resonance imaging
Magneto encephalography
Image fusion
