

# CALL FOR PAPERS

**ICNA 2021**  
**Jul 05-06, 2021**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNA 2021 : International Conference on Nanomedicine and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanomedicine and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

#### Nanomedicine

Design of nanodrugs

Nanomedicine and nanotechnology

Synthesis of nanoparticles for drug delivery

Regenerative medicine and tissue engineering

Nanomedicines and biomedical applications

Drug delivery research

Novel drug delivery systems

Smart drug delivery technology

Nano pharmaceuticals

Nanobiotechnology

Nano pharmaceutical industry and market

Regulatory aspects towards approval of nanomedicine

Graphene medicine

Nanomaterials for drug delivery

Personalized nanomedicine

Nanomedicine in theranostics
