

# CALL FOR PAPERS

**ICREH 2021**  
**Jul 22-23, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICREH 2021 : International Conference on Renewable Energy for Healthcare is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Renewable Energy for Healthcare. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy in healthcare  
Clean energy principle for  
healthcare facilities  
Sustainability of healthcare  
facility distributed energy  
systems  
Electrical design of healthcare  
facilities

Energy consumption behavior and  
organizational management  
Energy-less and zero-energy  
principle for healthcare  
facilities  
Renewable and advanced energy  
sources for healthcare facilities
