

# CALL FOR PAPERS

**ICESD 2021**  
**Jul 19-20, 2021**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESD 2021 : International Conference on Ecotechnologies for Sustainable Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ecotechnologies for Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ecotechnology	
Ecological engineering and applications	
Ecotechnologies for wastewater treatment	Biodiversity and biological conservation
Sustainable energy and environmental technology	Climate change
Ecotechnology and education	Ecological complexity
Ecotechnology for atmospheric environment	Ecological economics
Ecotechnology for water environment	Ecological modelling
Ecotechnology for 3r: reduce, reuse and recycle	Biological invasions
Ecotechnology for low-carbon society	Ecosystem health
Ecosystem creation and restoration/ecological engineering	Environmental policy
Ecosystem services	Ecological knowledge
Ecological indicators	Coastal problems caused by upland pollution sources
	Watershed/river catchment management
