

CALL FOR PAPERS

ICUMT 2021
Jul 19-20, 2021
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUMT 2021 : International Conference on Urban Methodologies and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Methodologies and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Formalizing urban methodologies
Methods and methodologies for urban research
Forecasting urban systems
Urban planning and design methods
Methods and tools for urban design
Urban data analysis

Data mapping and visualization
Data and technology in architecture and urbanism
Formal methods in architecture and urbanism
Information and design project
Qualitative approaches
Quantitative methods
