

CALL FOR PAPERS

ICEGMM 2021
Aug 05-06, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEGMM 2021 : International Conference on Economic Geology, Minerals and Mining is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Economic Geology, Minerals and Mining. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Economic geology
Ore genesis
Ore geology
Coal, oil and gas formation
salt, gypsum, and building stone
Non-metallic resources

Geophysical and geochemical
exploration
Economics of mineral resources
Coal and petroleum geology
Mineral economics
Mineral resource classification
Geophysics, structural geology and
stratigraphy
