

CALL FOR PAPERS

ICNCCTNP 2021
Aug 19-20, 2021
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCCTNP 2021 : International Conference on New Cybernetics, Cybernetic Technology and New Perspectives is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of New Cybernetics, Cybernetic Technology and New Perspectives. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Second-order cybernetics
New cybernetics
Cybernetic technology
Reflection on first order
cybernetics
Technology
New perspectives
Applications
Approach, theories and
epistemology
Organizational cybernetics
Sociocybernetics
Autonomy
Self-consistency
Self-referentiality

Learning and cognition
Math and computation
Management
Design
Second order cybernetics and
constructivism
Self-organizing capabilities of
complex systems
Artificial neural networks
Living systems
New robotic approaches
Reflexive understanding
Political communication
Social dimensions of cognitive
science
Sustainable development
