

CALL FOR PAPERS

ICHS 2021
Aug 05-06, 2021
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHS 2021 : International Conference on Health Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Health Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Community Health Systems

Engaging power and politics in promoting health and public value
Enhancing health system resilience: absorbing shocks and sustaining gains in every setting
Equity, rights, gender and ethics: maintaining responsiveness through values-based health systems
Future reciprocal learning and evaluation approaches for health system development
Health Systems and Policy Research
Health Systems Management
Health Systems Research
Healthcare Systems Process Improvement

Hospitals and Health Systems

Human Factors
Implementing improvement and innovation in health services and systems
Leadership and Change Management
New partnerships and collaborations for health system research and development
Operations Research
Process Improvement
Quality and Safety
