

# CALL FOR PAPERS

**ICIED 2021**  
**Aug 05-06, 2021**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIED 2021 : International Conference on Impacts of Environmental Degradation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Impacts of Environmental Degradation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental degradation  
Water degradation  
Climate change and temperature  
Climate change and precipitation  
Population growth  
Agriculture  
Water management  
Depletion of resources  
Destruction of ecosystems  
Extinction of wildlife  
Urbanization

Environmental impact or  
degradation  
Depleting and polluting technology  
Environmental protection  
Environmental resources management  
Physical water scarcity  
Groundwater supplies  
Thermal expansion of water  
Climate models  
Industrial and human contaminants  
Ecologically sustainable  
development  
Exploitation of natural resources
