

CALL FOR PAPERS

ICWPETC 2021
Sep 16-17, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWPETC 2021 : International Conference on Wet Processing Engineering Technologies and Chemicals is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wet Processing Engineering Technologies and Chemicals. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wet processing engineering

Textile wet processing

Wet processing technology

Textile wet processing standards

Wet processing of textile material

Textile processing with enzymes

Chemicals used in textile wet processing

Challenges in sustainable wet processing of textiles

Clean trends in textile wet processing

Textile wet processing and the environment

Reduction of pollution sources in textile wet processing

Pollution prevention in the textile wet processing industry

Cotton wet processing

Pretreatment, singeing, desizing, scouring, bleaching and mercerizing

Dyeing

Solution dyeing, fiber dyeing, yarn dyeing, fabric dyeing, union dyeing, cross dyeing and product dyeing

Printing

Finishing

Calendering, raising and crease resistance
