

CALL FOR PAPERS

ICNMMT 2021
Sep 23-24, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNMMT 2021 : International Conference on Nanomaterials, Materials and Manufacturing Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanomaterials, Materials and Manufacturing Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Material Science and Engineering
Composites
Micro / Nano Materials
Steel and Iron
Ceramic
Metal alloy Materials
Polymer Materials
Optical/Electronic/Magnetic
Materials
Materials Physics and Chemistry
Building Materials
New Energy Materials
Environmental Friendly Materials
Biomaterials and Chemical
Materials

Thin Films
Earthquake Resistant Structures,
Materials and Design
Smart and Intelligent Materials
Hydrogen and Fuel Cell Science,
Engineering & Technology
Surface Engineering/Coatings
Modeling, Analysis and Simulation
of Manufacturing Processes
Materials Forming, Machining
Welding & Joining
Mechanical Behavior & Fracture
Material Design of Computer Aided
Tooling Testing and Evaluation of
Materials
Microwave Processing of Materials
Mechanical Dynamics and Its
Applications
